

## OVER THE COUNTY

## WARREN

Mr. and Mrs. Miller of Portland spent Sunday with Mr. and Mrs. Foster Loomis.

Many farms are changing hands in this district. Among the recent buying the John Nelson place and Hatch A. Morris place.

The stock paid a visit Wednesday and presented Mr. and Mrs. Elmer Ishiguro with a fine baby girl.

Saturday's grange meeting was a combined business and social affair. The attendance was good and a very enjoyable evening was spent.

A number of the stockholders of the warehouse met on Saturday and discussed ways and means for the successful operation of the enterprise.

Mr. and Mrs. C. W. Haskell formerly of this place, but now of Germany, spent Saturday and Sunday at the home of Mr. and Mrs. John Farn and incidentally attended grange meeting.

Miss Martha Bevers of Portland who has been spending a few weeks with her parents Mr. and Mrs. F. W. Bevers will leave for California in a short time where she will spend her honeymoon.

The telephone situation was discussed and the granges as has been the wont in the past on all subjects took the initiative and provided for two of its members to try the situation before the Public Service Commission which have signified their intention to meet for a re-hearing of the rates in the near future. O. A. Erickson and A. T. Morris will represent the farmers in the rate hearings and they feel confident that the old rate of \$1.00 per month on a 10 party line will be granted. Many phones have been ordered out by the users since the new rate of \$2.00 went into effect and if no reduction is made practically every phone will be discontinued. The farmers are not in favor of buying the lines as they consider them a "pile of junk" but will if the situation demands erect a new line almost.

Sermons on a Great Subject

## The Ancient Church of Rome

THE MOTHER and PRESERVER of the ARTS and SCIENCES

THE UNIVERSE WITNESS OF THE PAST

By the Rev. P. J. O'Reilly S. J.

No man is as continually criticized as a great man. When he has a chance to speak for himself, honest men become ashamed of their hasty judgments. The Catholic Church is the object of much unjust attack; yet it is the oldest, largest and strongest organization in the world. You have been told perhaps, that it is the enemy of progress, reason, science and enlightenment; but you have never heard it speak for itself. Have you ever reflected that such things could not be true of the Church whose sons have founded most of the arts and sciences—of the Church which has civilized nations and educated many of the most illustrious philosophers, scientists, artists, and patriots.

Americans Are Fair-Minded  
EVERY QUESTION HAS TWO SIDES.

If you are a member of some other church you will be interested to know the teaching of the LARGEST CHURCH ON EARTH, its membership is 300,000,000. Only forty million Americans go to any church; of these twenty-two million are Catholics.

If you are a member of no church, it will not be a loss of time to hear the doctrines of the Church loved by Dante, Shakespeare, Newman, Dryden, Beethoven, Bach, Palestine, Gounod, Verdi, Mozart, Galileo, Descartes, Columbus, Balboa, Cortez, Magellan, De Soto, Admiral Benbow, Marechal Foch—all Catholics and other thousands eminent in every branch of knowledge and progress.
